DDA 88-2475

6 DEC 1988

MEMORANDUM FOR: Director of Information Technology
FROM: R. M. Huffstutler
Deputy Director for Administration
SUBJECT: FY 1989 Allocation of Grade Points

As part of the decentralization of the Agency's position classification system, grade points have been distributed to the DDA for allocation within the Directorate. The grade points available for your use as of 30 September 1988, and your point allocation for FY 89 are summarized below. Because the new positions received in FY 89 will be placed on the books at the existing Directorate average grade of 10.64, the allocation of points within the DA was based primarily on the anticipated upgrades of the new, FY 89 positions.

Points Available
